## **EVENT SATURDAY AND SUNDAY**

LOS ANGELES, Feb. 23, 2023 /PRNewswire/ - On Saturday, February 25 and Sunday, February 26, the Professional Bull Riders' (PBR) Team Tour will once again put on full display its terrible treatment of animals at Crypto.com Arena. Last Chance for Animals (LCA) will be staging protests at the arena during the PBR's "Unleash the Beast" events to bring attention to the horrible ways the rodeo uses "tools of torment" on animals to get them to perform.

Please join LCA in speaking out against the treatment animals endure in the "sport" of bull riding and remind spectators that animal cruelty is not entertainment. LCA will also use this event to call on the LA City Council to pass the rodeo ordinance which would ban "tools of torment" from rodeos and bull riding events in the city of Los Angeles. Posters, banners, t-shirts, and pamphlets will be provided to supporters.
